

## CUMULATIVE INDEX: VOLUME 10

### SUBJECT INDEX

- Abortion, spontaneous, first trimester bleeding and, 460-462
- Acid-base significance, of meconium discovered prior to labor, 143-145
- Adrenal gland, fetal, growth model for, 97-100
- Aerobic exercise, in pregnancy, thermoregulation during, 178-182
- Amelia, upper extremity distal, prenatal sonographic diagnosis of, 64-66
- Amniocenteses, inadvertent, during invasive procedures, in third trimester, 412-413
- Amnioinfusion, in meconium aspiration syndrome, 43-45
- Amniotic fluid, ferning and nitrazine testing of, 101-104
- Anemia, fetal, resolution of, 455-459
- Anencephalic infants, survival of, 175-177
- Anesthesia, in intracranial aneurysm repair, 183-186
- Antennial sonography, congenital cytomegalovirus presenting as cerebral ventriculography on, 404-406
- Antepartum antibiotics, for suspected chorioamnionitis, affecting pregnancy outcome, 365-368
- Antepartum diagnosis, of pulmonary hypoplasia, 8-11
- Anterior spinal artery syndrome, mimicking infantile spinal muscular atrophy, 316-318
- Anti-Gonzales antibody, in hemolytic disease of newborn, 362-364
- Antithrombin III deficiency, congenital, heparin therapy for 311-312
- Apnea, of infancy, neurodevelopmental outcome of, 208-211
- Arterial oxygen saturation, in utero measurement of, pulse oximetry in, 250-254, 262
- Arterial pressure, and vasopressinase-altered vasopressin, in anesthetized rats, 160-163
- Arteritis, Takayasu's, during pregnancy, magnetic resonance imaging in, 126-129
- Aspergillosis, primary cutaneous, in preterm infant, 269-271
- Aspiration syndrome, meconium, amnioinfusion in, 43-45
- Assay, monocyte monolayer, in hemolytic disease of fetus and newborn, 428-431
- Atrophy, spinal muscular, in infants, 316-318
- Atrioventricular block, in hydroptic fetus, 217-219
- Babies, prenatal ultrasonographic renal abnormalities in, outcome and management of, 263-268
- Beta-endorphin release, in fetal blood sampling, 112-114
- Birthweight  
prediction of, in diabetic pregnancy, 432-437  
umbilical cord blood serum magnesium levels and, 392-397  
very low, pericardial effusion causing, 419-423
- Bladder invasion, placenta percreta with, 468-470
- Blood flow, fetal central, with umbilical artery reverse diastolic flow, 197-207
- Blood gases, normal fetal, without end-diastolic umbilical artery velocity, 67-70
- Blood sampling  
fetal, beta-endorphin release and, 112-114  
percutaneous umbilical, mode of ascertainment in, 27-29
- Book Reviews  
*Your Premature Baby*, 94
- Bowel obstruction, diagnosis and management of, 215-216
- Breast-feeding, fathers' attitudes toward, 300-303
- Breech, in premature labor, 60-63
- Bronchopulmonary dysplasia, with systemic hypertension, in infants, 190-193, 260-261
- Calcium, in umbilical cord blood, 392-397
- Candida lusitanae* osteomyelitis, in premature infant, 313-315
- Cantrell, pentalogy of, 327-329
- Carcinoma, vulvar, in pregnancy, 334-335
- Cardiac function, Doppler flowmeter assessed circadian rhythms and, 119-125
- Cardiomyopathy, hypertrophic, dexamethasone therapy for, in preterm infant, 307-310
- Catheters  
in intracardiac thrombosis, in premature infants, 39-42  
umbilical artery, patency of, 229-232
- Central venous line thrombosis, in premature infants, 323-326
- Cerebral ventriculomegaly, cytomegalovirus infection presenting as, 404-406
- Cesarean delivered neonates, systolic time intervals of, echocardiographic assessment of, 53-57
- Cervix  
effacement and dilation of, meperidine in, 130-134  
emergency cerclage of, 341-347  
uterine, elective suture of, in triplets, 14-16
- Chlamydial infection, cytobrush versus swab endocervical sampling in, 76-78
- Chorioamnionitis, intrapartum antibiotics for, 365-368
- Chorioangioma, placental, 146-149
- Circadian rhythms, Doppler flowmeter assessed, 119-125
- Circulation, fetal, beta-endorphin release into, 112-114
- Clavicular fracture, neonatal, factors in, 441-443
- Clomiphene citrate therapy, in twin gestation, 444-447
- Collagenase, meperidine stimulation of, 130-134
- Comment  
When Should We Be Sorry?, 258-259
- Community hospital, postpartum rapid discharge in 384-387

Compliance, respiratory, in ventilated neonates, 139-142

Cord plasma  
corticotropin-releasing hormone in, 115-118  
micronutrient levels in, maternal factors influencing, 30-35

Cutaneous aspergillosis, primary, in preterm infant, 269-271

Cyst, neurenteric, perinatal diagnosis of, 304-306

Cystic hygroma, resolution of, 297-299, 455-459

Cytobrush endocervical sampling, swab versus, in chlamydial infection, 76-78

Cytomegalovirus infection  
hematologic manifestations of, 348-350  
presenting as cerebral ventriculomegaly, 404-406  
twin-to-twin transfusion syndrome with, 81-83

Delivery, of preterm infants, risk factors for, 88-91

Dexamethasone therapy, for hypertrophic cardiomyopathy, in preterm infant, 307-310

Diabetic diets, fiber-enriched, glucose-lowering effects of, in pregnancy, 272-274

Diabetic ketoacidosis, outcome of pregnancy in, 17-20

Diabetic pregnancy  
fetal cardiac size in, 275-279  
outcome of, 330-333

Diaphragmatic hernia, hepatic interlobar fissure mimicking, 319-322

Dicavitary uteri, with twin gestation, 444-447

Dilation, cervical, meperidine stimulation of, 130-134

Diphtheria, immunizations for, in premature infants, 187-189

Discharge, hospital. *See* Hospital discharge

Discordancy, in triplets, 224-225

Dislocations, congenital knee, antenatal diagnosis of, 194-196

Disseminated herpes zoster, in HIV positive pregnant woman, 463-464

Distal amelia, upper extremity, prenatal sonographic diagnosis of, 64-66

Disulfiram, exposure to, in first trimester, 5-7

Doppler, transcranial, in maternal cerebral vasospasm, 243-244

Down's syndrome, prenatal diagnosis of, 258-259

Drug abuse, prenatal screening for, 374-377

Duodenal obstruction, situs inversus abdominis and internal hernia in, 255-257

Dysplasia, bronchopulmonary, with systemic hypertension, in infants, 190-193, 260-261

ECMO. *See* Extracorporeal membrane oxygenation (ECMO)

Eclampsia, maternal cerebral vasospasm in, transcranial Doppler assessment of, 243-244

## Editorials

Out-of-Hospital Health Care, 407-408

Pulse Oximetry for the Validation of Arterial Oxygen Saturation Measurements in Utero, 262

Surface Tension of Therapeutic Surfactants, 92-93

Systemic Hypertension in Infants with Severe Bronchopulmonary Dysplasia, 260-261

Effacement, cervical, meperidine stimulation of, 130-134

Effusion  
pericardial, very low birthweight causing, 419-423  
pleural  
third trimester resolution of, 297-299  
transient unilateral, trisomy 21 presented as, 12-13

End-diastolic umbilical artery velocity  
normal blood gases in absence of, 67-70  
obstetrical and neonatal outcomes of, 135-138

Excretion, urinary endothelin-1-like immunoreactivity, in newborn, 220-223

Exercise, aerobic, in pregnancy, thermoregulation during, 178-182

Extracorporeal membrane oxygenation (ECMO), in neonatal tricuspid insufficiency of with abnormal tricuspid valve, 36-38

Extremely low birthweight infant, 155-159

Extremity, upper, distal amelia of, prenatal sonographic diagnosis of, 64-66

Family history. Doppler flowmeter assessment of, 119-125

Fathers, attitudes of, toward breastfeeding, 300-303

Femur  
fetal, sonographic measurement of, 105-108  
unilateral proximal focal deficiency of, in diabetic pregnancy, 285-287

Ferning test, of amniotic fluid, 101-104

Fetus  
with absent end-diastolic velocities of umbilical artery, 135-138  
adrenal gland of, growth model for, 97-100  
anemia of, resolution of, 455-459  
blood flow alterations in, 197-207  
blood sampling of, beta-endorphin release and, 112-114  
death of, from hypofibrinogenemia, 448-449  
distress of, corticotropin-releasing hormone and, 115-118  
function of, Doppler flowmeter assessed circadian rhythms and, 119-125  
habituation of, to vibroacoustic stimulation, 46-49  
heart of  
rate of, in intracranial aneurysm repair, 183-186  
size of, 275-279  
hemolytic disease of monocyte monolayer assay in, 428-431

## hydroptic

congenital complete  
atrioventricular block in, 217-219  
intrauterine supraventricular tachycardia causing, 213-215  
iliac bone of, sonographic measurement of, 105-108  
intrathoracic injuries to, from motor vehicle accident, 414-416  
mandible of, sonographic measurement of, 226-228  
normal blood gases in, without end-diastolic umbilical artery velocity, 67-70  
preterm, risk factors for, 88-91  
progressive pulmonary stenosis in, 424-427  
systolic time intervals of, echocardiographic assessment of, 53-57  
Turner syndrome in, 297-299  
twin versus triplet, growth curves of, 388-391  
umbilical venous blood of, hypoxanthine in, rhesus isoimmunization complicating, 337-340

Fiber-enriched diabetic diets, glucose-lowering effects of, in pregnancy, 272-274

Fissure, hepatic interlobar, mimicking diaphragmatic hernia, 319-322

Fistula, tracheoesophageal, in premature infant, 164-167

Folate levels, first trimester bleeding and, 460-462

Fracture, clavicular, in neonate, 441-443

Genital infections, lactobacilli in, 358-361

Gestational age  
corticotropin-releasing hormone and, 115-118  
fetuses delivered at, 88-91  
Glucose-lowering effects, of fiber-enriched diabetic diets, 272-274  
Growth curves, sonographic. *See* Sonography, growth curves on  
Growth retardation, intrauterine. *See* Intrauterine growth retardation (IUGR)

Habituation, fetal, to vibroacoustic stimulation, 46-49

Heart, fetal. *See* Fetus, heart of

Hematologic manifestations, of cytomegalovirus infection, 348-350

Hemolytic disease of newborn  
anti-Gonzales antibody in, 362-364  
monocyte monolayer assay in, 428-431

Hemopericardium, tension, in neonatal pneumopericardium, 50-52

Heparin  
for congenital antithrombin III deficiency, 311-312  
infusate added to, in umbilical artery catheter patency, 229-232

Hepatic interlobar fissure, mimicking diaphragmatic hernia, 319-322

Hernia, diaphragmatic, hepatic interlobar fissure mimicking, 319-322

- Herpes zoster, disseminated, in HIV positive pregnant woman, 463-464
- Hospital discharge  
innovations in, 407-408  
postpartum rapid, in community hospital, 384-387
- Human immunodeficiency virus (HIV), herpes zoster and, in pregnant woman, 463-464
- Hydroptic fetus  
congenital complete atrioventricular block in, 217-219  
intrauterine supraventricular tachycardia causing, 213-215  
nonimmune, in Noonan syndrome, 417-418  
resolution of, 455-459
- Hygroma, cystic, resolution of, 297-299, 455-459
- Hypertension  
pregnancy-induced, early neonatal death and, 401-403  
systemic, bronchopulmonary dysplasia with, in infants, 190-193, 260-261
- Hypertrophic cardiomyopathy, dexamethasone therapy for, in preterm infant, 307-310
- Hypofibrinogenemia, in triplet gestation, resolution of, 448-449
- Hypoglycemia, in full-term newborns, 150-154
- Hypoplasia, pulmonary, antepartum diagnosis, of 8-11
- Hypoxanthine, in fetal umbilical venous blood, rhesus isoimmunization complicating, 337-340
- Immunoreactivity excretion, urinary endothelin-1-like, in newborn, 220-223
- Indomethacin  
in acute maternal renal insufficiency, 381-383  
in twin-to-twin transfusion syndrome, 24-26
- Infants. *See also* Premature infants  
anecephalic, survival of, 175-177  
apnea of, neurodevelopmental outcome of, 208-211  
breast-feeding of, fathers' attitudes toward, 300-303  
extremely low birthweight, 155-159  
Meckel syndrome variant in, 172-174  
spinal muscular atrophy in, 316-318  
systemic hypertension with bronchopulmonary dysplasia in, 190-193, 260-261
- Infections, perinatal. *See* Perinatal infections
- Inflation pressure, in ventilated neonates, 139-142
- Intra-amniotic infection, meconium in, 438-440
- Intracardiac thrombosis, catheter-related infected, in premature infants, 39-42
- Intracranial aneurysm repair, in pregnancy, general anesthesia for, fetal heart rate and, 183-186
- Intrapartum antibiotics, for suspected chorioamnionitis, term gestation outcome from, 365-368
- Intrathoracic injuries, fetal, from motor vehicle accident, 414-416
- Intrauterine growth retardation (IUGR)  
Doppler flowmeter assessment of, 119-125  
fetal cardiac size in, 275-279  
percutaneous umbilical blood sampling in, 27-29
- Intrauterine tachycardia, periventricular leukomalacia and, 212-214
- Intravenous morphine infusion, in newborns, 84-87
- Invasive procedures, inadvertent amniocenteses, during, in third trimester, 412-413
- Isoimmunization, rhesus, complicating pregnancies, 337-340
- IUGR. *See* Intrauterine growth retardation (IUGR)
- Ketoacidosis, diabetic, outcome of pregnancy in, 17-20
- Kidney volume, in term and preterm infants, ultrasonic evaluation of, 109-111
- Knee dislocations, congenital, antenatal diagnosis of, 194-196
- Labor  
corticotropin-releasing hormone and, 115-118  
meconium discovered prior to, acid-base significance of, 143-145  
premature  
acute maternal renal insufficiency in, 381-383  
breech in, 60-63
- Lactobacilli, in Papanicolaou smears, 358-361
- Land, aerobic exercise thermoregulation on, in pregnancy, 178-182
- Leukomalacia, periventricular, intrauterine tachycardia and, 212-214
- Lung disease  
in hypertrophic cardiomyopathy, dexamethasone therapy for, 307-310  
in very immature premature infants, 292-296
- Magnesium sulfate  
cardiac toxicity of, 450-452  
phenytoin versus, in preeclampsia, 233-238
- Magnetic resonance imaging (MRI)  
in diabetic pregnancy, 432-437  
in neuroenteric cyst, 304-306  
in Takayasu's arteritis, 126-129
- Mandible, fetal, sonographic measurement of, 226-228
- Maternal cerebral vasospasm, in eclampsia, Doppler assessment of, 243-244
- Maternal factors, influencing cord and neonatal plasma micronutrient levels, 30-35
- Maternal outcome, after very prolonged and premature rupture of membrane, 369-373
- Maternal renal insufficiency, acute, in premature labor, indomethacin in, 381-383
- Meckel syndrome, variant of, infant survival with, 172-174
- Meconium  
acid-base significance of, 143-145  
aspiration of, amnioinfusion in, 43-45  
in intra-amniotic infection, 438-440
- Membrane, prolonged and premature rupture of, neonatal outcome of, 288-291, 369-373
- Meperidine, in cervical effacement and dilation, 130-134
- Micronutrient levels, plasma cord and neonatal, maternal factors influencing, 30-35
- Monocyte monolayer assay, in fetal and newborn hemolytic disease, 428-431
- Morphine, continuous intravenous infusion of, in newborns, 84-87
- Mothers, expectant, and fathers' attitudes toward breast-feeding, 300-303
- Motor vehicle accident, fetal intrathoracic injuries from, 414-416
- Neonatal noma, 409-411
- Neonatal outcome, after very prolonged and premature rupture of membrane, 288-291, 369-373
- Neonates  
cardiac function of, Doppler flowmeter assessment of, 119-125  
clavicular fracture in, 441-443  
early death of, from pregnancy-induced hypertension, 401-403  
hemolytic disease of  
anti-Gonzales antibody in, 362-364  
monocyte monolayer assay in, 428-431  
hypoglycemia in, 150-154  
morbidity of, in diabetic pregnancy, 432-437  
morphine infusion in, 84-87  
plasma micronutrient levels of, maternal factors influencing, 30-35  
pneumopericardium in, tension hemopericardium and, 50-52  
response of, to vibroacoustic stimulation, 465-467  
shigellosis in, 58-59  
*Streptococcus pneumoniae* in, 1-4  
systolic time intervals of, echocardiographic assessment of, 53-57  
tricuspid insufficiency of, abnormal tricuspid valve with, extracorporeal membrane oxygenation in, 36-38  
urinary endothelin-1-like immunoreactivity excretion in, 220-223  
ventilated, respiratory compliance in, 139-142
- Neuroenteric cyst, perinatal diagnosis of, 304-306
- Neurodevelopmental outcome, of apnea of infancy, 208-211
- Nifedipine  
magnesium sulfate cardiac toxicity and, 450-452  
oral, for initial tocolysis, 280-284
- Nitrazine test, of amniotic fluid, 101-104
- Noma, neonatal, 409-411

- Noonan syndrome, nonimmune hydrops in fetus with, 417-418
- Obstetric chlamydial infection, cytobrush versus swab endocervical sampling in, 76-78
- Obstetric outcome, of absent end-diastolic velocities of umbilical artery, 135-138
- Obstruction  
bowel, diagnosis and management of, 215-216  
duodenal, situs inversus abdominis and internal hernia in, 255-257
- Oral nifedipine, for initial tocolysis, 280-284
- Oropharyngeal teratomas, 71-75
- Osteomyelitis, *Candida lusitanae*, in premature infant, 313-315
- Oxygen dependency, in very immature premature infants, 292-296
- Oxygenation  
extracorporeal membrane, in neonatal tricuspid insufficiency of with abnormal tricuspid valve, 36-38  
pulse oximetry measurement of, 250-254, 262  
with self-inflating resuscitation bags, 79-80
- Papanicolaou smears, lactobacilli in, 358-361
- Parents, knowledge of immunizations, 187-189
- Pentalogy, of Cantrell and Sirenomelia, 327-329
- Percutaneous umbilical blood sampling  
beta-endorphin release in, 112-114  
mode of ascertainment in, 27-29
- Pericardial effusion, very low birthweight causing, 419-423
- Perinatal infections, with *Streptococcus pneumoniae*, 1-4
- Perinatal outcome, of abnormal Doppler umbilical artery waveform ratio, 245-249
- Periventricular leukomalacia, Intrauterine tachycardia and, 212-214
- Pertussis, immunizations for, in premature infants, 187-189
- Phenytoin, magnesium sulfate versus, in preeclampsia, 233-238
- Placenta percreta, bladder invasion with, 468-470
- Placental chorioangioma, 146-149
- Pleural effusion  
third trimester resolution of, 297-299  
transient unilateral, trisomy 21 presented as, 12-13
- Plasma micronutrient levels, cord and neonatal, maternal factors influencing, 30-35
- Plasmin, meperidine stimulation of, 130-134
- Pneumopericardium, neonatal, tension hemopericardium and, 50-52
- Postnatal timing, of spontaneous umbilical cord separation of, 453-454
- Preeclampsia, phenytoin versus magnesium sulfate in, 233-238
- 474 Pregnancy. *See also* Trimesters
- aerobic exercise in, thermoregulation during, 178-182
- congenital antithrombin III deficiency in, heparin therapy for, 311-312
- cytomegalovirus infection in, 348-350
- diabetic  
fetal cardiac size in, 275-279  
magnetic resonance imaging in, 432-437  
outcome of, 330-333  
unilateral proximal femoral focal deficiency of, 285-287
- disulfiram exposure in, 5-7
- fetal cardiac size in, 275-279
- fetal mandible measurement in, 226-228
- fiber-enriched diabetic diets in, glucose-lowering effects of, 272-274
- hypertension in  
early neonatal death and, 401-403  
serum gravidin levels in, 168-171
- intracranial aneurysm repair in, general anesthesia for, 183-186
- ionized serum magnesium in umbilical cord blood during, 392-397
- lactobacilli in, 358-361
- outcome of  
antepartum antibiotics affecting, 365-368  
in diabetic ketoacidosis, 17-20  
in fetal tiaprofenic acid exposure, 354-357  
first trimester bleeding and, 460-462
- rhesus isoimmunization complicating, 337-340
- Takayasu's arteritis during, magnetic resonance imaging in, 126-129
- twin  
dicavitary uteri in, 444-447  
pulmonary capillary pressure in, 351-353  
vulvar carcinoma in, 334-335
- Premature infants  
book review, 94  
breach delivery of, 60-63  
*Candida lusitanae* osteomyelitis in, 313-315  
catheter-related infected intracardiac thrombosis in, 39-42  
central venous line thrombosis in, 323-326  
hypertrophic cardiomyopathy in, dexamethasone therapy for, 307-310  
immunizations of, parents' knowledge of, 187-189  
kidney volume in, ultrasonic evaluation of, 109-111  
oxygen dependency in, 292-296  
primary cutaneous aspergillosis in, 269-271  
risk factors for, 88-91  
tracheoesophageal fistula in, 164-167
- Prenatal diagnosis  
distal amelia of upper extremity, 64-66  
drug abuse, 374-377  
knee dislocations, 194-196  
Meckel syndrome variant, 172-174  
neurenteric cyst, 304-306  
placental chorioangioma, 146-149
- small bowel obstruction, 215-216
- Takayasu's arteritis, 126-129
- unilateral proximal focal deficiency, 285-287
- Primary cutaneous aspergillosis, in preterm infant, 269-271
- Puerperal patients, with *Streptococcus pneumoniae*, 1-4
- Pulmonary hypoplasia, antepartum diagnosis of, 8-11
- Pulmonary stenosis, progressive, in fetus, 424-427
- Pulse oximetry, in arterial oxygen saturation measurement of, 250-254, 262
- Rats, anesthetized, arterial pressure and vasopressinase-altered vasopressin in, 160-163
- Renal abnormalities, prenatal ultrasonographic, outcome and management of, 263-268
- Renal insufficiency, maternal, in premature labor, indomethacin in, 381-383
- Respiratory compliance, in ventilated neonates, 139-142
- Resuscitation bags, self-inflating, 79-80
- Retardation, intrauterine growth, percutaneous umbilical blood sampling in, 27-29
- Retroversion, uterine, mimicking uterine sacculaton, sonographic documentation of, 398-400
- Rhesus isoimmunization, complicating pregnancies, 337-340
- Ritodrine tocolysis, in twin pregnancies, 351-353
- Rossavik model, of fetal organ growth, 97-100
- Sacculaton, uterine, retroversion mimicking, sonographic documentation of, 398-400
- Self-inflating resuscitation bags, oxygen concentrations from, 79-80
- Serum gravidin, raised levels of, in pregnancy-induced hypertension, 168-171
- Serum magnesium, ionized, in umbilical cord blood, 392-397
- Severely small fetuses, risk factors for, 88-91
- Shigellosis, in newborn, 58-59
- Sirenomelia, pentalogy of, 327-329
- Situs inversus abdominis, in duodenal obstruction and internal hernia, 255-257
- Small bowel obstruction, prenatal sonographic diagnosis of, 215-216
- Sonography  
antennial, congenital cytomegalovirus presenting as cerebral ventriculography on, 404-406  
fetal iliac bone, 105-108  
fetal mandible, 226-228  
growth curves on  
of triplets, 239-242  
twin versus triplet, 388-391  
small bowel, 215-216  
upper extremity, 64-66  
of uterine retroversion mimicking uterine sacculaton, 398-400
- Spinal muscular atrophy, in infants, 316-318

- Spontaneous abortion, first trimester bleeding and, 460-462
- Stenosis, progressive pulmonary, in fetus, 424-427
- Stimulation, vibroacoustic. *See* Vibroacoustic stimulation
- Streptococcus pneumoniae*, in perinatal infections, 1-4
- "Stuck twin" syndrome. *See* Twin-to-twin transfusion syndrome
- Subcutaneous terbutaline, for initial tocolysis, 280-284
- Surface tension, of therapeutic surfactants, 92-93
- Suture, elective, of uterine cervix in triplets, 14-16
- Swab endocervical sampling, cytobrush versus, in chlamydial infection, 76-78
- Sweden, diabetic pregnancy outcomes in, 330-333
- Syndromes
- anterior spinal artery, 316-318
  - Meckel, variant of, 172-174
  - meconium aspiration, 43-45
  - neonatal noma, 409-411
  - Noonan, 417-418
  - Turner, 297-299
  - twin-to-twin transfusion
    - cytomegalovirus infection with, 81-83
    - indomethacin in, 24-26
- Systemic hypertension, bronchopulmonary dysplasia with, in infants, 190-193
- Systolic time intervals, in vaginal and cesarean delivered neonates, echocardiographic assessment of, 53-57
- Tachycardia, intrauterine periventricular leukomalacia and, 212-214
- Takayasu's arteritis, during pregnancy, magnetic resonance imaging in, 126-129
- Tension hemopericardium, in neonatal pneumopericardium, 50-52
- Tension, surface, of therapeutic surfactants, 92-93
- Teratomas, oropharyngeal, 71-75
- Terbutaline, subcutaneous, for initial tocolysis, 280-284
- Term gestation, outcome of from antibiotics for suspected chorioamnionitis, 365-368
- Term infants, kidney volume in, ultrasonic evaluation of, 109-111
- Tetanus, immunizations for, in premature infants, 187-189
- Therapeutic surfactants, surface tension of, 92-93
- Thermoregulation, during aerobic exercise, in pregnancy, 178-182
- Thrombosis
- catheter-related infected intracardiac, 39-42
  - central venous line, 323-326
- Tiaprofenic acid, fetal exposure to, 354-357
- Timing, postnatal, of spontaneous umbilical cord separation of, 453-454
- Tocolysis
- nifedipine versus terbutaline for, 280-284
  - ritodrine, in twin pregnancies, 351-353
- Tracheoesophageal fistula, in premature infant, 164-167
- Transcranial Doppler assessment, of maternal cerebral vasospasm, in eclampsia, 243-244
- Tricuspid insufficiency, neonatal abnormal tricuspid valve with, extracorporeal membrane oxygenation in, 36-38
- Trimesters
- first
    - bleeding in, 460-462
    - disulfiram exposure in, 5-7
    - third, inadvertent amniocenteses during, 412-413
- Triplets
- discordancy in, 224-225
  - elective uterine cervix suture in, 14-16
  - hypofibrinogenemia, in gestation, 448-449
  - sonographic growth curves of, 239-242
- Trisomy 21, as transient unilateral pleural effusion, 12-13
- Turner syndrome, fetus with, 297-299
- Twin pregnancies
- dicavitary uteri in, 444-447
  - pulmonary capillary pressure in, 351-353
- Twin-to-twin transfusion syndrome
- cytomegalovirus infection with, 81-83
  - indomethacin in, 24-26
- Ultrasonography
- fetal iliac bone, 105-108
  - kidney volume, 109-111
  - renal abnormalities, 263-268
- Umbilical artery
- abnormal Doppler waveform ratio, in perinatal outcome, 245-249
  - catheters for, patency of, 229-232
  - end-diastolic velocity of
    - in fetal central blood flow alterations, 197-207
    - normal blood gases with, 67-70
  - obstetrical and neonatal outcomes of, 135-138
- Umbilical cord
- blood of
    - ionized serum magnesium in, 392-397
    - sampling of, 27-29
    - spontaneous separation of, postnatal timing of, 453-454
- Unilateral pleural effusion, transient, trisomy 21 presented as, 12-13
- Unilateral proximal femoral focal deficiency, in diabetic pregnancy, 285-287
- Upper extremity distal amelia, prenatal sonographic diagnosis of, 64-66
- Urinary endothelin-1-like immunoreactivity excretion, in newborn, 220-223
- Urokinase, meperidine stimulation of, 130-134
- Uteri, dicavitary, with twin gestation, 444-447
- Uterine cervix, elective suture of, in triplets, 14-16
- Uterine retroversion, mimicking uterine sacculcation, sonographic documentation of, 398-400
- Vaginal delivered neonates, systolic time intervals of, echocardiographic assessment of, 53-57
- Vasopressin, vasopressinase-altered, arterial pressure and, in anesthetized rats, 160-163
- Vasospasm, maternal cerebral, in eclampsia, Doppler assessment of, 243-244
- Venous blood fetal umbilical, hypoxanthine in, rhesus isoimmunization complicating, 337-340
- Ventriculomegaly, cerebral, cytomegalovirus infection presenting as, 404-406
- Verapamil, magnesium sulfate cardiac toxicity and, 450-452
- Very prolonged and premature rupture of membrane, neonatal outcome after, 288-291
- Vibroacoustic stimulation
- fetal habituation to, 46-49
  - neonate response to, 465-467
- Vulvar carcinoma, in pregnancy, 334-335
- Water, aerobic exercise thermoregulation on, in pregnancy, 178-182
- Your Premature Baby* (Manginello), reviewed, 94
